## PT. UTILTECH INDONESIA JAYA

# Greetings

First of all, we would like to express great thanks to your concern and it is our great pleasure to introduce UTILTECH INDONESIA JAYA to you.

UTILTECH INDONESIA JAYA involves on engineering, procurement, construction, fabrication, services and investment. The specialized plant facility for manufacturing FLF(floating loading/unloading facility), FOTP(floating offshore transfer platform), MHS(material handling system) and plant building is located in Korea.

Also, UTILTECH INDONESIA JAYA is pursuing the happiness of mankind and creation of future values to meet the rapid change of global transition of eco-friendly low-carbon energy saving technology and green development. And doing our best to manufacture the best and customer-oriented products..

UTILTECH INDONESIA JAYA is playing an excellent role in the CHS(Cargo Handling System) like FLF(Floating Loading Facility, FOTP (Floating Offshore Transfer Platform) in Indonesia for coal handling system. In particular, UTILTECH INDONESIA JAYA prouds to say that we are the best leader in the transshipment and loading/unloading equipment manufacturing.

One of our strong points is to have staffs who have experience of boarding as officers and engineers for many years and sufficient know-how of a shipping business, with a view to providing a ship with the most satisfactory and convenient service, promoting operation efficiency and enhancing the interest of ship owners.

Whenever, Wherever and Any items would be appreciated if you request. Our service is mainly based on the top-accuracy and high quality more than you could expect, with enough stocks on hand. When you contact us is the very time for you to feel utmost satisfaction.

My heartfelt wish is to have a good and faithful relationship with you.
